

ABOUT SCIENCE

2010

Brian Shadwick
Susan Barlow

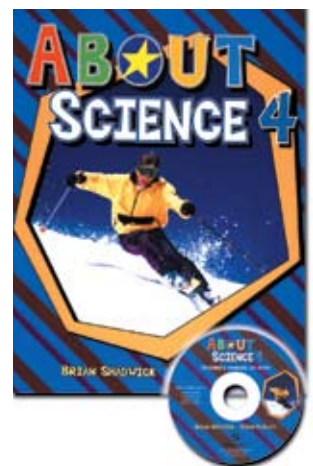

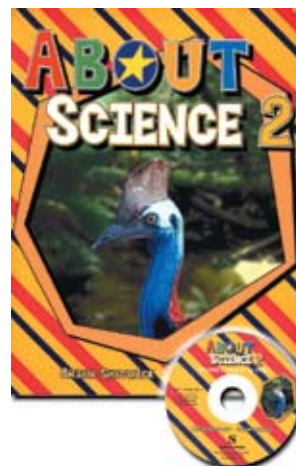

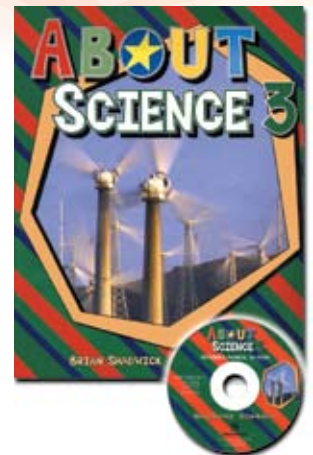

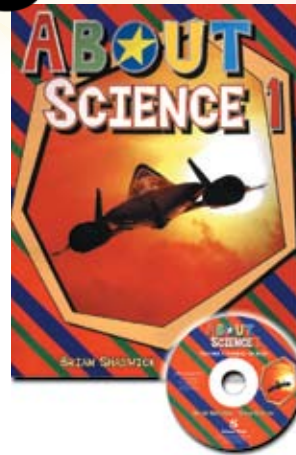

Each book in the ABOUT SCIENCE series provides

- a minimum of 200 prepared lessons
- literacy – focused exercises
- skills – focused exercises
- all the necessary practical work
- extension work for better students
- homework for most lessons
- assessment tasks at the end of each chapter

The four **Teacher's Manuals on CD-ROM** are **absolutely essential**.

They provide:

- comprehensive **teaching programs**
- **suggestions for teaching** each unit
- **suggestions for organising practicals**
- provision for **program registration**
- **answers** to all exercises
- **blackline masters**
- **lists of equipment** and amounts of **chemicals needed**
- specific information about **chemical safety**
- **internet** and **library resource** suggestions
